

Covid19 Guidance & Risk Assessment

If you have a known underlying health condition or you have been identified by your GP or a medical professional to be in the Clinically Extremely Vulnerable group, you are advised to follow the clinical advice you have been given. The following corresponding actions by risk category is advice only.

Low Risk

Action plan: Can attend church
Social distancing at 2M
Wear face mask/covering
No gathering before or after service
Washing of hands on entry to the building and regular washing of hands after touching surfaces

Moderate Risk

Action plan: Can attend church
Consider on line service
Social distancing at 2M
Wear face mask/covering
No gathering before or after service
Washing of hands on entry to the building and regular washing of hands after touching surfaces

Clinically Extremely Vulnerable

Action Plan: DO NOT ATTEND CHURCH
Continue to follow the guidance for the ***Clinically Extremely Vulnerable*** or until vaccine or guidance changes

Live streaming available if you are in this group

IMPORTANT GUIDANCE NOTE:

1. Preserving and protecting the health, safety and wellbeing of our congregation is a priority as we respond to the coronavirus pandemic (COVID19). It is essential that we all take every effort to follow the Public Health, and Government guidance on staying safe including, regular hand washing, maintaining safe social distancing and wearing face masks or coverings
2. This risk assessment guidance has been provided to help identify possible COVID19 risks on an individual basis, the precautions, control measures and actions that should be taken to ensure the best possible reduction of the risk of harm.
3. Please be aware that the guidance is subject to change in line with the latest Government guidance.
4. If you require advice about your health conditions or further medical advice please contact your GP or medical professional prior to attending church.
